GERMAN COUNTER PROPOSAL MADE PUBLIC

NAVAL SEAPLANE REACHES LISBON

American Craft Is First Airship of Any Kind to Fly Across Atlantic.

GOING ON TO PLYMOUTH

Lieut. Com. Albert C. Read and Party Make Last Leg of the Journey From the Azores to Portugal in 9 Hours and 43 Minutes.

Washington, May 28.—The United States navy seaplane NC-4, blazing the way of the first air trail from the Western to the Eastern hemisphere, under Lieut. Com. Albert C. Read, swept into the harbor at Lisbon, Portugal. It was the first airship of any kind to cross the Atlantic under its own power.

Taking the air at Ponta Delgada, Azores, at 6:18 a. m., Washington time, on the last leg of the transoceanic portion of the voyage from Rockaway Beach, Long Island, to Plymouth, England, the NC-4 covered the 800 miles in 9 hours and 43 minutes, maintaining an average speed of better than 80 knots an hour. The total elapsed flying time from Newfoundland to Lisbon was 26 hours and 41 minutes.

At the first opportunity, the big plane will continue to Plymouth, 775 nautical miles to the north. The great object of all effort lavished on the undertaking—navigation of a seaplane across the Atlantic through the air—has been accomplished. Twentieth Century transportation has reached a new pinnacle and the United States Navy has led the way.

Plans Work Out Like a Machine. Naval officials emphasized that the long delay at the Azores was due to the weather and to no weakness of the machine or its daring crew, nor to any failure of the carefully laid plans of the department to guide the fliers to their destination. The 14 destroyers sprung from Ponta Delgada to Lisbon reported with machine-like precision today as the flight progressed. The plane never was off its course and there was no moment when officials in Washington did not know to within a few miles where it was in the air.

To maintain adequate communication for this stage of the journey the destroyers stuck to their posts after the flying boat had passed, relaying back to Ponta Delgada reports from ships further eastward. The chain was not broken until after the plane was moored for the night near the cruiser Rochester at Lisbon.

Destroyers Ready With Flares. The destroyers that will guide them across the bay already are in position, provided with the flares and bombs that have made the trip safe thus far—except for the fog that forced the other two machines of the seaplane division, the NC-1 and NC-3, out of the flight after they had safely negotiated virtually the entire distance from Newfoundland to the Azores.

Commander Read had with him in the flight to Lisbon the same crew as that which left Newfoundland on the NC-4 on May 16. Lieut. E. F. Stones, of the coast guard and W. K. Hinton were the pilots, with Ensign R. C. Rodd as radio operator and Chief Machinist's Mate E. S. Rhodes as reserve pilot engineer. The crew was met at Lisbon by most of the members of the crews of the NC-1 and NC-3, who had preceded them on a destroyer.

REQUESTS AVIATION FUNDS

Secretary Daniels Wants Large Sum for Experiments.

Washington, May 28.—Secretary Daniels suggested an appropriation of \$45,000,000 for the Navy's experimental and actual airplane construction during the next fiscal year when he appeared before a house committee. "Aviation," he said, "is the one big thing that touches the imagination and we are merely on the threshold of it."

BRITISH PREMIER INVITED

Accepts American Request to Visit United States.

Paris, May 28.—Premier Lloyd George will visit America during the first league of nations meeting. It was semi-officially stated. The American delegation invited him to make the trip it was stated, and he indicated probable acceptance.

HUNS ACCEPT ARMY LIMIT

But Envoys Desire Delay in Enforcing That Provision.

Berlin, May 28.—The German reply to the Allied peace terms will agree that the German army shall be 100,000 men on a peace footing, but will urge that this limit be not enforced until conditions are thoroughly stabilized.

RABBI WISE

Desires Religious Freedom in New European Nations.

President Wilson will use his influence to safeguard religious freedom in new states, set up by the Peace conference, he assured Rabbi Stephen Wise in a cablegram forwarded through Secretary Tumulty.

PORTUGUESE GO WILD

Lisbon People Enthusiastically Welcome Americans.

Booming of Guns, Ringing of Bells and Cheers Greet Arrival of Naval Seaplane.

Lisbon, May 28.—The achievement of the first trans-Atlantic air flight, with Lisbon as the first European stopping point, aroused the enthusiasm of the Portuguese as no event has stirred them for many years.

When the American seaplane NC-4 came over the Tagus river, the populace, crowding all places of vantage, gave full expression to their enthusiasm by cheers of welcome, the booming of guns and the ringing of bells.

For days the people of Lisbon had been awaiting the completion of this voyage over the Atlantic, and though disappointed from day to day because of the inability of Commander Read's craft to continue its flight from the Azores because of unfavorable weather, each day they looked hopefully towards the West for the coming of the Americans. Now they are able to say that they never doubted that the NC-4 would wind its way safely across the intervening 800 miles of water.

The whole city was en fete and virtually all business was abandoned by those who crowded everywhere to witness the arrival.

Millionaire's Son Who Got a Job in His Father's Plant Because He'd Worn Khaki

Working for Dad without Dad knowing it is a rather unusual condition of affairs. But that is what happened in the Chicago plant of Swift & Co. Louis F. Swift, Jr., walked in and remarked to a clerk: "I see a sign on your bulletin board that says you give jobs to ex-soldiers." The customary examination showed he was qualified to hold a job as a handler of dressed beef and he was put to work. His intimate knowledge of the business soon was apparent and an investigation resulted in identifying him as the son of the principal owner of the great plant.

Wants Control Over Former Colonies Offers to Pay 20 Billion Dollars

Hawker and Grieve Decorated by King

(By United Press) London, May 28.—Harry Hawker and Mackenzie Grieve were decorated by King George today with the cross of the Royal Air Service, the first decoration of this kind to be awarded. They are newly created. The queen and the prince of Wales greeted the fliers at the palace.

Canadian Postal Union Decides to Call Strike

(By United Press) Toronto, May 28.—Canadian postal employees union has decided to call a general strike from Sault Ste Marie, Ont., to the Pacific coast to begin Sunday night, Winnipeg advices said.

Cummins Predicts Democratic Victory

(By United Press) Chicago, May 28.—A democratic victory in 1920 was the prediction of Homer S. Cummins in opening the democratic national committee meeting here today.

Attempt to Unseat Penrose Fails

(By United Press) Washington, May 28.—By a vote of 48 to 43 an attempt of democrats to unseat Senator Penrose as chairman of the finance committee, was defeated in the senate today.

Londoners Demand Work.

London, May 28.—Thousands of discharged soldiers and sailors out of employment, armed with stones and other missiles, marched toward the House of Commons. They came into conflict with the police barring the approaches, however, and were scattered. Later the procession was reformed and marched toward Buckingham palace, but the demonstration broke up before it reached there. There were no further disorders. The group demanded work and a minimum wage scale.

BY CARL D. GROAT.

(Staff Correspondent, United Press) Berlin, May 28.—The German counter proposal to the peace treaty as made public here today refuse to surrender the kaiser and demand immediate admission of Germany to the league of nations with a mandate over her former colonies. The counter proposals agree to the limitation of the German army to 100,000 men and offer to disarm the large German naval vessels, though insisting on retaining some commercial vessels. They further insist that no change shall be made in the German territorial limits without plebiscites in the territories affected. They agree that Danzig shall be a free port with the river Vistula internationalized. It is asked that the entire withdrawal from occupied territories within four months. Willingness to re-imburse especially France and Belgium for damages during the war is expressed. The counter proposals state that Germany is willing to pay twenty billion marks, approximately five billion dollars, by 1926, and an annual sum thereafter, but the total that they must pay must not exceed one hundred billion marks or approximately twenty-five billion dollars.

Americans Ready to Continue Flight to England Today

(By United Press)

Lisbon, May 28.—The Americans who flew across the Atlantic ocean were ready today the hope-off more than 700 miles, from Lisbon to Plymouth, Eng. This jump will complete their history-making air voyage which started from Rockaway Beach, New York.

The distance across the Atlantic with the stop at the Azores from Trepassy Bay, New Foundland, to Lisbon, was 2,150 nautical miles. The distance was covered in 26 hours and 45 minutes, or an average of 80 nautical miles an hour.

BANK MESSENGER IS ROBBED

New York Bandits Obtain Securities Worth \$25,000.

New York, May 27.—The Wall street district was the scene of a \$25,000 holdup and robbery when Denis Forest, an 18-year-old bank messenger, was attacked and beaten as he was entering the rear door of a Pine street building.

The assailants seized securities he was carrying and escaped.

NINTH DISTRICT DID WELL

Subscription to Victory Loan 111 Per Cent of Allotment.

Minneapolis, May 28.—In the Victory Liberty Loan the Ninth Federal Reserve district subscribed a total of \$176,114,850, an oversubscription of \$18,614,850, according to official figures made public by the Minneapolis Federal Reserve bank. The subscription is 111 per cent of the allotment, which was \$157,500,000.

GLAD HIS TERM IS NOT AHEAD

Wilson Delighted His Presidency Isn't About to Start.

Paris, May 28.—"It is very delightful for one thing, if I may say so, to know that my presidency is not ahead of me and that his presidency is ahead of him," said President Wilson in referring to Dr. Epitacio Pessoa, president-elect of Brazil, at the dinner given Dr. Pessoa by the Pan-American peace delegation.

Establishes Northwest Record.

Portland, Ore., May 28.—Ralph Spearow, under the colors of the Multnomah Athletic club, succeeded in establishing a northwest record in the pole vault, going over the bar at 12 feet 3/4 inches.

New Government Department.

Washington, May 28.—For the purpose of developing American coal exports, creation of a department of coal exports was announced by the United States Shipping board.

Transport Lukenbach Arrived in New York

(By United Press)

New York, May 28.—The transport Edward Lukenbach, arrived this morning with the 311th Field Artillery, 79th division, and 314th Machine Gun Battalion, 80th division.

Fiume Question Not Included in Austrian Treaty

BY FRED S. FERGUSON.

(United Press Staff Correspondent)

Paris, May 28.—The question of Fiume and other boundary matters affecting Italy will not be included in the peace treaty which will be handed to the Austrian delegates at St. Germain Friday, it was learned today. It was also learned the treaty will not contain the delayed provisions regarding reparations owing to the difficulty in apportioning Austria's debt among the nations which formerly made up the dual monarchy. The Fiume situation which recently caused a split in the peace conference will be reserved for future settlement by the Big Four.

ON CHARGE OF CONSPIRACY

Trial of A. C. Townley and Joseph Gilbert Set for June 23.

Jackson, Minn., May 28.—Trial of A. C. Townley, president of the Nonpartisan league, and Joseph Gilbert, state manager of that organization, on indictments charging conspiracy to violate the state espionage act, has been set for June 23.

The date of trial had been tentatively set for the first week in June. Necessity of release of jurors for a time caused adjournment of the Jackson county district court until June 23 when the case against the two men will be called.

THREE DIVISIONS TO GRANT

Eighty-Eighth, Eighty-Ninth and Ninetieth On Their Way.

Camp Grant, Ill., May 28.—Camp Grant has been tentatively designated by the War department as the demobilization center for a considerable portion of the three last American combat divisions to leave France. They are the Eighty-eighth, Eighty-ninth and Ninetieth. Iowa, Minnesota and North Dakota troops of the Eighty-eighth are expected here next week.

\$25,000 Fund Raised for Palestine.

Cincinnati, May 28.—Approximately \$25,000 was raised within a few minutes at the convention of the Mizrah organization of America here in response to an appeal for funds with which to broaden the scope of work in the rehabilitation of Palestine.

Button to Be Presented by Uncle Sam to 2,000,000 Boys Who Helped Him Beat the Hun

As fast as the boys who fought for Uncle Sam are discharged from the service they will receive a button of this design. It was designed by Adolph Weinman, well known in American art circles and to the general public as the designer of the new dimes.

BRINGS FRENCH ORPHAN

American Woman Physician Will Adopt War Victim.

Dr. Ethel Lyon Heard, who has just returned from France where she saw 18 months' active service at the front, brings back with her Leon Thibaut, a little French orphan, whom she will adopt.

SIGNS THREE ORDERS

Federal Judge Allows Brewers to Make 2 1/2 Per Cent Beer.

Injunctions Will Stand Pending Judicial Determination of What Are Intoxicants.

New York, May 27.—Federal Judge Mayer signed three injunctions restraining the United States district attorney and the acting collector of internal revenue of the New York district from interfering with production of "war beer" by the Jacob Hoffman Brewing company, the Clausen-Flanagan Brewing company and the Jacob Ruppert Brewing company.

The injunction, which will operate throughout the country to prevent government action against manufacturers of beer of 2 1/2 per cent alcoholic content, enjoin the federal officials from enforcing against the defendants or their employees the provisions of the emergency prohibition act as it relates to the beer industry, and according to Judge Mayer's order, will stand pending judicial determination of the brewers' contention that beer of this strength indicated is not intoxicating.

MACHINE NOW BEING BUILT

Ruth Law Will Try to Fly Across the Atlantic.

Chicago, May 28.—Ruth Law aviatix, announced she has plans to attempt a trans-Atlantic flight within six weeks. She will use a Curtiss land biplane equipped with two Curtiss-Kirkham motors of 400-horsepower each and will be accompanied by James Lamont, her mechanic. The machine is now being built. She expects the United States navy to give her such assistance as she may desire in making the flight.

BIG FOUR VOTES FOR BLOCKADE

Envoys Decide It Shall Be Maintained Till Germany Has Free Government.

FOE'S REPLY IS READY

Teuton Counterproposals Probably Will Be Delivered to Allies Wednesday—Austrians Likely to Get Peace Terms Friday.

Paris, May 28.—The Austrian peace terms, with the exception of the military, naval and reparations clauses, will be presented to the Austrian delegation Friday, according to Reuters Limited.

Paris, May 28.—The Council of Four has ratified the decision of the economic council to maintain the blockade against Germany until a regular government, based on a free and popular mandate, is set up. It is announced.

The Germans' counterproposals to the peace terms probably will be presented Wednesday.

The Turkish government expressed regret that the Greeks were permitted to occupy Smyrna, saying the government felt it would have been wiser to have had a joint Allied occupation. The protest says it is feared that trouble would ensue as the advance into the interior of the country continues. Bulgarian Terms Considered.

The Council of Four has begun consideration of the Bulgarian peace terms.

The president of China has notified the Chinese delegation by cable that a meeting of the Chinese cabinet and the speakers of both houses authorized the delegation to sign the peace treaty with reservations regarding Shanghai.

New Reparation Board Named.

Appointment of a new commission on reparations was announced by the peace conference. Members of the commission are: Norman Davis, Thomas W. Lamont, Vance McCormick and H. W. Dulles of the United States; Lord Northcliffe, General Jan Christian Smuts, John M. Keynes and Mr. Smither of Great Britain; Finance Minister Klotz, Captain Andre Tardieu, Louis Loucheur and M. Jousselet of France; Signor Crespi and Signor d'Ameglio of Italy.

Germans Finish Their Terms.

Versailles, May 28.—Between 50 and 60 minor members and attaches of the German peace delegation will leave Versailles for Berlin Wednesday. Among those who will go will be the technical advisers, whose work is finished, a number of secretaries, some journalists and stenographers.

The Germans had a busy day in finishing up their reply to the Allied peace terms. Count von Brockdorff-Rantzau, it is understood, will personally add a chapter to the German counterproposal on the divisions of raw material.

The men manning the printing plant on the train the Germans brought here, with printing equipment, worked all last night printing the counterproposals. These will make a pamphlet of 120 pages. Only enough of these will be printed to supply the delegation.

PETROGRAD IS BOMBARDED

Reports Say Soviet Government Is Overthrown.

London, May 28.—A news agency dispatch from Viborg, sent by way of Stockholm, reports that Chinese, Letts and Finnish Reds hold Petrograd and have overthrown the soviet government.

A heavy bombardment from the sea was reported, apparently directed at Petrograd and Kronstadt, 20 miles west of that city.

Estonians and Finns with British support have been reported operating against the Bolsheviks in Petrograd, and a dispatch had the Estonians only 12 miles from Petrograd's outskirts.

Chinese mercenaries have been employed by the Bolsheviks in the past. If there is any truth in the rumor, these mercenaries, together with Letts and Finnish troops brought into Petrograd by the soviets to help defend it, appear to have taken control of affairs there and ousted the city authorities.

FIRE AT NORFOLK NAVY YARD

Several Explosions Handicap Efforts of Firemen.

Norfolk, Va., May 28.—Fire which started in the plumbing shop in the navy yard here, threatened to spread to other structures in the plant. Several explosions wrecked parts of the burning structure and handicapped the firemen.

ler, Kelsenberg, Beven, Schuft, An-
derson, Adams, Ireland, Pike, Lan-
miller, Walker, Beach, Westergreen,
Johnson, Pierce.

DESIRES EQUAL VOTE

Germany Wants Membership in
League of Nations.

Foe Delegates Also Are Said to Ask
for Plebiscite in All Disputed
Territories.

Berlin, May 28.—The question
whether Germany will sign the peace
treaty or not, it was believed here,
depends altogether on whether the Al-
lied and associated powers will agree
to a plebiscite in all disputed terri-
tories and the reception of Germany in
the league of nations as a member with
an equal vote.

Both these issues are made the car-
dinal features of the German reply,
which has been approved by
cabinet and Count Von Brockdorff-
Rantzau and his associates, and which
is being put into shape for presenta-
tion.

DEMOBILIZATION BY JUNE 25

Indicated by Order to Western Army
Headquarters.

San Francisco, May 28.—Complete
demobilization of the war army by
June 25, will be undertaken, accord-
ing to orders received by the Western
department headquarters. It is an-
nounced. This will embrace all army
forces except regular units.

**SAGE TEA TURNS
GRAY HAIR DARK**

It's Grandmother's Recipe to
Bring Back Color and
Lustre to Hair.

That beautiful, even shade of dark,
glossy hair can only be had by brew-
ing a mixture of Sage Tea and Sulphur.
Your hair is your charm. It
makes or mars the face. When it
fades, turns gray or streaked, just an
application or two of Sage and Sulphur
enhances its appearance a hun-
dredfold.

Don't bother to prepare the mix-
ture; you can get this famous old
recipe improved by the addition of
other ingredients at a small cost, all
ready for use. It is called Wyeth's
Sage and Sulphur Compound. This can
always be depended upon to bring
back the natural color and lustre of
your hair.

Everybody uses "Wyeth's" Sage and
Sulphur Compound now because it
darkens so naturally and evenly that
nobody can tell it has been applied.
You simply dampen a sponge or soft
brush with it and draw this through
the hair, taking one small strand at a
time; by morning the gray hair has
disappeared, and after another appli-
cation it becomes beautifully dark and
appears glossy and lustrous. This
ready-to-use preparation is a deli-
cious toilet requisite for those who de-
sire dark hair and a youthful appear-
ance. It is not intended for the cure,
mitigation or prevention of disease.

REFRIGERATORS

There is real comfort in having one of our refrigerators "on duty"
in your household during the hot summer months, but it also
means more than that to have one in operation, it means you are
practicing real economy.

Our Refrigerators

Are so scientifically constructed that they produce a cold tem-
perature. Everything remains crisp and fresh, while the tempera-
ture remains unusually cool, the quantity of ice needed to produce
this is unusually small.

For genuine satisfaction and all-around serviceability we rec-
ommend our White Mountain or Northland Refrigerators.

Prices Range From \$21.50 to \$45.00

WOMAN'S REALM

COMMUNITY DANCING

To be Put Into Effect Early in June Under Auspices of the Ladies

The plan to establish in Brainerd community dancing on the pavement, suggested last year but abandoned on account of war activities, will be put into effect early in June under the auspices of the ladies interested in child welfare work with Mrs. R. A. Deise in charge.

For this reason the Chamber of Commerce has given way to the ladies and the feature outlined for the entertainment of visiting St. Paul rotarians on the evening of June 6th has been given up.

The idea has become popular in all metropolitan cities and Brainerd, with its fine band and the good paving adjacent to Gregory park, offers splendid facilities for this popular method of community entertainment. The band very kindly offered to change the concert program and also the date to conform to plans for the evening of June 6th; and their co-operation is appreciated.

That the ladies will afford an evening of entertainment and pleasure early in June when they give their community dancing party near the park is certain and the committee of the chamber stands ready to assist them in every manner possible. Community effort brings its own reward and is best brought about by looking to results and it is but a reasonable courtesy that the men folks give way to the ladies and afford them every cooperation in their efforts along this line.

Announcement of dates and program will be made later. Meanwhile, the public may look forward with happy anticipation to a pleasant and novel evening in "leafy June," under the auspices of the ladies of the city interested in child welfare work.

He Does Heavy Work

"I do heavy work, and that is a strain on a man's kidney," writes Bert Dawson, Canton, Ill. "My trouble started with a severe sharp pain over my back. I bought a bottle of Foley Kidney Pills, and before it was gone, my pains had entirely left me. They banish rheumatic pains, backache, soreness, stiffness. H. P. Dunn, mwf

HOW HE EARNED HIS CROSS

American Soldier of Chinese Parentage—Age—Talks Modestly of Deed of Great Bravery.

Corporal Sing Kee, color sergeant of the Three Hundred and Sixty-fourth Infantry of the Seventy-seventh division, holds, one may fairly believe, the distinction of being the only American soldier of Chinese descent who ever won a Croix de Guerre in France. The corporal is a modest warrior, not loquacious in the tongue of his fellow soldiers; and when asked by a reporter to tell how he won his cross he replied, "What did I do? I did, that's all." Others, however, are more explicit, and what Corporal Sing Kee really did was to carry messages through gas and shell fire. He was one of the twenty runners between commanders of advanced battalions at Mont Notre Dame, and at the end of the second day the corporal was the only one still remaining in action. Late in the afternoon he was gassed by the enemy, but managed to reach his destination. After that came the Croix de Guerre, honorably earned by the American soldier of Chinese parentage who just "did, that's all."—Christian Science Monitor.

READ THE DISPATCH WANTS

MYSTERIOUS PAINS AND ACHES

Make Life Hard to Bear for Many Brainerd Women

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Brainerd case:

Mrs. A. Noakes, 313 S. Ninth St., Brainerd, says: "I had been feeling miserable and sick all over for about a year and didn't know what was wrong with me until my kidneys began to show they were disordered. My feet would swell when I went to take off my shoes in the evening. I always had a tired and depressed feeling. I tried different remedies with no relief. I got Doan's Kidney Pills at the Skauge Drug Co., and began using them. After I had taken four boxes, I was cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Noakes had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Perseverance Class
The Perseverance class of the Evangelical church, N. E. Brainerd, corner 4th Ave. and Forsyth St., will give an ice cream social on the church lawn May 29.

The class recently took it upon themselves to purchase little chairs for beginners. The constant increase of members of these classes made a demand for more chairs.

Come and help the class buy for them. There is no limit to the number of tickets you buy or the amount of ice cream to eat. Bring your whole family with you, also your friends are welcome. Tickets 15c.

Birthday Party

Several ladies gathered at the home of Mrs. A. Gorton of N. E. Brainerd and pleasantly surprised her, the occasion being in honor of her birthday. They gave her a beautiful linen table cloth. A luncheon was served, all present having a very good time.

At West's Cafe

Delegates and friends of the Library Board were entertained at dinner at West's Cafe. The tables were nicely decorated with carnations and ferns.

Stonewall's Plan.

As an American troopship pulled away from a New York dock on its journey to France, Stonewall Jackson and Welcome Brown hung over the forward rail and looked with solemn faces down into the choppy waters of the Atlantic.

"What you'll give me to do, Stonewall, if one of dem powerful mean torpedoes smash into dis here boat?"

Stonewall remained silent for a minute, then he turned a sober face toward his brother in sorrow.

"What I gwine to do? Listen. Welcome, my ole mummy done tote me dat dere nebber wuz but one man dat eber walked on de water an' got away vid it—but of one ob dem chasers eber smash into dis boat—say, Welcome, Ah'm goin' to be de second one."—John E. Scroggins, U. S. N., in Judge.

Rats Cause Losses.

Losses from rats in cities are enormous. In 1908 the biological survey made a careful study of rat infestations in two cities, Washington and Baltimore, with the result that actual losses of produce and other property amounting annually to \$400,000 and \$700,000 respectively, were revealed. These sums are nearly in ratio to the populations. The Woman's Municipal league of Boston recently announced that losses from rats in that city amounted to \$1,350,000 each year. Losses in Pittsburgh, Pa., have been estimated at over \$1,000,000 a year.

"Spine Fever" and Common Sense

Instead of giving up and saying you have "spine fever," it is more sensible to take a good, wholesome physic. Bilelessness, sick headache, sour stomach, bloating, coated tongue—all are banished by Foley Cathartic Tablets. B. B. Haward, Unadilla, Ga., writes: "Foley Cathartic Tablets give quick relief." H. P. Dunn, druggist.

NUXATED IRON

Helps Make Strong, Sturdy Men and Beautiful, Healthy Women
3,000,000 People Use It Annually
As a Tonic, Strength and Blood-builder

MAKE THIS TEST

If you are not well or strong you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next, take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, un-down people, who were ailing all the while, have most astonishingly increased their strength and endurance in 2 weeks' time in many instances.

Manufacture's Note: Nuxated Iron which is prescribed and recommended by physicians is not a secret and is not a drug. It is a well known to druggists everywhere. Unlike the older iron salts, it is easily assimilated and does not irritate the stomach. It is the best iron tonic for the blood. The manufacturer guarantees successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

WHERE FRED FELL DOWN

(St. Cloud Journal-Press)

Fred Schilpin is going to Washington to make a personal protest against his removal as postmaster of St. Cloud. That is entirely proper, and while we wish him success, we have no hope that he will be able to retain his position.

It might as well be admitted that as a Democratic office-holder he has put himself out of harmony with the kind of service required by the present administration.

In the first place he is a faithful, efficient servant—and efficiency is a gross violation of the Democratic policy.

He gives his personal attention to his duties, and is courteous and accommodating to the patrons of the office. This does not dovetail with an autocratic and kaiser-like administration.

He is patriotic and has been giving his services in aiding the government. Had he been a pacifist or a slacker, or a conscientious objector, he would be granted a full pardon with a handsome cash bonus.

He is a man of excellent character. Had he been an advocate of free love and a home wrecker, he might have been appointed to a high diplomatic mission along with the Rev. George Herron.

He has been aiding in building up a great industrial plant to give employment to labor, and help bring prosperity to the people. Had he been a profiteer and a trouble maker he would have stood a much better show of holding his job.

He has been faithful to his trust. None of his Democratic predecessors,

who were content to draw their salaries and leave the management of the postoffice to the clerks, were ever bothered by postoffice inspectors or with removal.

Fred took his job too seriously. He made the mistake of believing that a Democratic official should give adequate service to the people.

His record is in so marked contrast to that of the administration in general, that it is no wonder he has been marked for slaughter.

WOOL GROWERS WILL ORGANIZE

Crow Wing County Sheep Growers and Farmers Having Sheep to Follow Example of Beltrami

STORAGE WAREHOUSE IN CITY

Expected to Have Farm Bureau and County Agent Assist in Organization Work Here

Following the example set by Beltrami county in pooling wool shipments, sheep growers and farmers of Crow Wing county expect to have an organization under way soon.

Crow Wing county now has over 5,000 sheep. More are being added to the flocks daily and many sheep growers are taking up land. Forage in abundance is found.

W. Layton who has 165 high grade Shropshires on his farm seven miles from Beltrami, attended the recent Beltrami meeting, and said much interest was taken in the sessions there. He mentioned an Iowa man, A. E. Gibson, of Waterloo, who has taken up most of O'Brien township in Beltrami county and will stock it with 7,000 sheep the latter part of May.

Crow Wing county is entirely unorganized in the matter of gathering wool or selling the same. Many of the sheep men expect to meet at Brainerd in the near future, acting through the Farm Bureau, to organize as did Beltrami county. It is expected to obtain storage facilities in Brainerd. Acting in conjunction with the Farm Bureau and the new county agricultural agent the sheep growers and farmers expect to form an organization much the same as the livestock association in its scope.

In the report of the Beltrami meeting it was stated that the first wool growers' association in the state was organized at Beltrami May 23 by farmers and sheep men with the assistance of W. A. McKerrow, of the state agricultural college, St. Paul.

H. M. Clark of Beltrami was elected temporary president of the Beltrami County Wool Growers' association as

it will be known. A. W. Aamodt, county agricultural agent, was chosen secretary and E. E. Sulkey of Tenstrike was appointed treasurer.

To Obtain Warehouse

The first business of the organization will be the sale of the spring clip and a warehouse will be obtained immediately to house the 20,000 pounds or more of fleece that will be received from the farmers of this district. This is valued at the present wool prices at more than \$12,000. The average price of wool is now 60 cents per pound with 15 to 20 cents more for fancy fleece, the leaders reported.

The sale will be held here on June 29. A government expert will grade the fleece and sealed proposals will be received from the manufacturers for it. A. P. Whitting of Black Duck, Fred Barr of Bemidji and Fred Stumpes of Solway were designated as a committee to arrange the sale details.

Appoint Committees

The committee on constitution and bylaws is composed of J. A. Rice of Tenstrike and Messrs. Aamodt and Sulkey. Hundreds of sheep have been bought in here in the past two years and it is believed that all the farmers will affiliate with the organization. The clip will be pooled and sold in one lot. Each farmer may receive 30 cents per pound advance when the wool is brought in and the remainder as soon as the sale is completed.

HOW THE SENATE WILL HANDLE PACT

PRESIDENT WILSON PROBABLY WILL DELIVER THE TREATY TO IT IN PERSON.

LODGE'S COMMITTEE GETS IT

Where the Document Will Be Subjected to Careful Study and Debate—New Peace Conference May Be Found Necessary.

By EDWARD S. CLARK.

Washington.—It is believed to be the intention of President Wilson to stick to the precedent which he established and to deliver in person the treaty of peace and the covenant of the league of nations to the United States senate, and to accompany the presentation with a speech of elucidation and endorsement.

Already a summary of the covenant of the league of nations and the peace terms have been given to the American people, but the facts as they have been

written in extenso probably will be made public only when the president appears before the senate.

The means of making and of securing ratification of peace treaties and international pacts of all kinds is of particular interest today. In fact, it is of greater interest, so some of the senators seem to think, than anything in connection with foreign affairs has been since President Monroe put forth the doctrine which has become historical.

As soon as the president has explained from his point of view all the sections of the treaty, and of the covenant which really has been made a part of the treaty, Senator Henry Cabot Lodge, Republican chairman of the committee on foreign relations, will make a motion to have the treaty referred to the committee over which he presides. This motion will be agreed to unanimously, because such is the regular procedure.

Lodge's Committee to Pass on It.

In the committee there will be hours of study and debate given to the subject in hand. It is expected that in a large measure the committee proceedings will take on the semblance of a court. Experts on international affairs and on constitutional law will be summoned to bear testimony. It is even possible that the president of the United States may be called into conference to give further explanation of some parts of the document in controversy. The sessions of the foreign relations committee will be executive, and not until a report is made to the senate will the public have full knowledge of what is going on.

There has been much discussion as to whether or not the senate has the power to amend the treaty. There is also a question as to whether or not the senate has the power to separate the treaty from the covenant of the league of nations and to consider the two things separately.

When the report of the committee is laid before the senate the first test will come which will tend to show what the final fate of the document is to be. Party lines will be ignored, because there are Democrats as well as Republican opponents of the treaty and covenant as they stand. It may be that the majority report of the foreign relations committee will contain amendments to the treaty. If the minority report contains no amendments, but accepts the documents as they are, the senate could sanction the treaty and the covenant by the acceptance of the minority report.

It takes a two-thirds majority of the United States senate to ratify a treaty, but so far as the proceedings on the floor are concerned a majority is sufficient to amend. It is for this reason that amendments will be fought for and against just as hard as for or against the treaty itself.

"As Soon as Possible."

There is in the Constitution of the United States a specification that all peace treaties must be ratified "as soon as possible." Just how long "as soon as possible" will mean in the present case it is hard to forecast. Certain it is that it will take a considerable time for the senate to get through with the business in hand. It must be remembered that the treaty is a long one, 80,000 words in length, in fact. The limitations of human endurance and mental acumen therefore, will prevent a quick consideration and adoption or rejection of the document.

An authority has said this concerning possible senate procedure:

"If the senate should determine to amend the treaty and if, also, other nations parties to the treaty should fail to concur, the result would be no treaty at all and a new peace conference would have to be called. In case no amendments are made, the treaty finally will come up for ratification in the form in which it is presented."

It is understood in Washington that President Wilson today is at work on the address which he will deliver when he presents the treaty of peace to the senate with its intertwined covenant of the league of nations. It can be taken for granted that the president will take advantage of every point that presents itself to his mind in order to carry the day. It is understood that he has received by mail and by cable every argument which the opponents of the treaty and of the covenant have advanced against them.

AMUSEMENTS

"THE BIRD OF PARADISE"

At the Park Theatre Tonight, Richard Watson Tully's Hawaiian Romance

Richard Watson Tully's beautiful Hawaiian romance "The Bird of Paradise" now in its eight consecutive year of phenomenal success from coast to coast, will appear at the Park theatre for its annual visit tonight, May 28.

Since last seen here the play has been rebuilt and recostumed, and in every detail, the production will be found bright and new and will come up to the high standard Oliver Morosco, its producer, has set in the past. Perhaps nearly every person who will see it during its coming engagement already knows the story, the manner of its development and its principal scenes. Many may have seen it enough to know its lines. It has become a great popular favorite, and is still enticing capacity audiences in every city visited. Miss Rita Romilly is the new Luana, and is said to give a vivid characterization of the innocent temptress who drags her white husband into the depths.

Lodge's Committee to Pass on It.

In the committee there will be hours of study and debate given to the subject in hand. It is expected that in a large measure the committee proceedings will take on the semblance of a court. Experts on international affairs and on constitutional law will be summoned to bear testimony. It is even possible that the president of the United States may be called into conference to give further explanation of some parts of the document in controversy. The sessions of the foreign relations committee will be executive, and not until a report is made to the senate will the public have full knowledge of what is going on.

There has been much discussion as to whether or not the senate has the power to amend the treaty. There is also a question as to whether or not the senate has the power to separate the treaty from the covenant of the league of nations and to consider the two things separately.

When the report of the committee is laid before the senate the first test will come which will tend to show what the final fate of the document is to be. Party lines will be ignored, because there are Democrats as well as Republican opponents of the treaty and covenant as they stand. It may be that the majority report of the foreign relations committee will contain amendments to the treaty. If the minority report contains no amendments, but accepts the documents as they are, the senate could sanction the treaty and the covenant by the acceptance of the minority report.

SHE HAD NO PATIENCE LEFT

Wife's Stock of That Commodity Pretty Well Exhausted in Effort to Reform William.

A Chicago lawyer said at a banquet: "Let me tell you a temperance story."

"A long, rangy woman said one day to a person: 'Parson, Bill was drunk again Saturday night.'

"But the parson answered in a soothing tone: 'Dear sister, if you would try being patient with William! Patience and forbearance work miracles, and I have faith to believe that in dear William's case it would be even so.'

"But the long, rangy woman shook her head. 'Looks to me,' she said, 'as if I'd tried patience and forbearance about long enough. Talkin' of forbearance, don't I go weeks at a time without speakin' to the cuss, no matter what he asks me? Yes, hull weeks, but it don't seem no good. Then, when it comes to patience, why, parson, I've looked him out of the house all night more often than I got fingers and toes, and time and again I've sewed him up in a sheet when he was full and wallowed him with a rope till I just fair dropped with tiredness; and I've bolted him in the henhouse three days runnin' in the patient hope he'd sign the pledge, but he wouldn't; and I've doused him all over with cold water on many a freezin' winter's night, and I've had him run in twice, and I've mixed vinegar with his booze so as to make him sick, and then waited with the patience of Job to see if he'd repent when he came round, but, parson, nothin' done no good. No stree, it'll take more than patience and forbearance to straighten that man out.'

Even Then.

Even the man who thinks twice before he speaks is often sorry he said it.—Boston Transcript.

Harbinger of War Fable.

Since ancient days the locust has been the flying wing of superstition. People forget from 1912 till 1919 that the locust has markings on its wings which carry a distinct letter W, which, when noticed, usually results in many stories that war is at hand, the letter W being supposed to stand for the word, war. But the fallacy of such a supposition is in itself evident from the fact that the word for war in French does not begin with W, nor does it in Italian or Spanish.

Really Hit.

"Why do people say, 'As dead as a door nail'?" asked the book. "Why is a door nail any sadder than a door?" "Because it has been hit on the head, I suppose," replied the cheerful idiot.—Cincinnati Enquirer.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; re- move all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scales and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it is no longer irritating, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

WORK TO START ON NEW DEPOT

J. M. Hannaford Makes Announcement to G. D. LaBar, Chairman
Railway Committee

OF THE CHAMBER OF COMMERCE

"Necessary Authorization Received From Administration and Corporation," is Wired

Braierd is to have a new railway depot and work is to start on the same this season and carried to completion rapidly is the gist of the news, welcome to all Braierd, as announced by George D. LaBar, the chairman of the railway committee of the Chamber of Commerce.

Following interminable correspondence and telegrams which would have discouraged many another chairman or committee, success was attained.

In a letter to R. H. Aishton, Regional Director of the Railroad Administration, Northwestern Division, Chicago, Mr. LaBar recited conditions in Braierd, the fire of February 5, 1917, which destroyed the depot, the efforts made to get a structure adequate for the needs of Braierd, the promise made to build and the setbacks experienced.

In paragraphs of such letter Mr. LaBar stated: "We here in Braierd cannot believe that the Railroad Administration or the Railway Corporation are in such financial straits that they cannot, in some way, arrange for the comparatively small amount of money that will be required to furnish the kind of a passenger station which should be provided for Braierd, and I am taking the liberty of calling your personal attention to this important matter so that immediate steps may be taken to reinstate the Braierd depot in the work that is to be commenced this spring and brought to completion in the early fall. If prompt action is not taken, we are liable to be told a little later on that harvests will cause a shortage of labor and that the work will have to be deferred for another year."

"While writing this letter personally, I am voicing the sentiments of the people of Braierd (we are prepared to send in petitions, delegations, to St. Paul, Chicago, and Washington if you so desire) and sincerely trust you will give this matter, which is of the utmost importance to our people, your earnest consideration and that you will forthwith order the immediate beginning of the work so that it may be completed during the summer."

Mr. Aishton referred the letter to J. M. Hannaford, Federal Manager, Northern Pacific railroad, St. Paul.

In a telegram dated May 13 Mr. LaBar again reminded Mr. Aishton, Regional Director R. H. Aishton, that

tion, Chicago, that "to provide Braierd with badly needed depot facilities before winter it was absolutely necessary that construction be commenced at once."

On May 13 Mr. Aishton wired in response: "Construction of new depot at Braierd is actively under consideration and expect to reach decision in a few days."

On May 21 Mr. Aishton wired: "I have today advised the federal and corporate officers of the Northern Pacific railroad that, provided they can make the necessary arrangements regarding financing, the railroad administration, realizing the necessity for a new depot at Braierd, will approve the construction of same, and I have asked Mr. Hannaford to communicate direct with you in the matter."

In a letter Mr. Hannaford stated that Mr. Stevens, chief engineer, had been working on the depot plans, doing engineering work necessary before bids can be obtained.

On May 27 J. M. Hannaford wired: "Have received the necessary authorization from administration and corporation and have made necessary provisions for financing and work in connection with Braierd station will be commenced at an early date and prosecuted as rapidly as is consistent with reasonable economy."

Mr. LaBar wired in return: "Hurrah for Braierd! Hugely gratified at progress. Appreciate your efforts and congratulate you. Anxious to announce publicly in press. Any objections?"

Mr. Hannaford answered by wire: "Braierd people have waited long and patiently and it is appreciated. I have no objection to your announcing the result."

The following is the report submitted to the board of directors of the Chamber of Commerce at Wednesday afternoon's meeting: Braierd Chamber of Commerce, Braierd, Minnesota.

The Railway Committee of the Braierd Chamber of Commerce has been actively at work ever since the destruction of the Braierd station on Feb. 5th, 1917, with the constant aim of having a new depot built at the earliest possible date and furthering a structure in keeping with the size of Braierd, its present and future requirements.

The project progressed fairly well for a time, a site was selected, plans and specifications prepared; but war conditions made it necessary to put off the work until the spring of 1918. But when that time arrived we were shown that it was our patriotic duty to waive our demand for a depot that year. Early this year, however, we were advised by Mr. Hannaford that the plans were completed and approved, and that an appropriation for same had been allowed by the Federal Administration, and that work would commence early this spring.

Our hopes of the completion or even the start of the structure were completely shattered in March when we were informed that the Federal

Railroad Administration had definitely excluded the Braierd depot from the 1919 work on account of the serious shortage of finances which required the elimination of a large amount of work, among which was the Braierd depot.

From the attached copies of letters and telegrams exchanged with R. H. Aishton, Regional Director of the Railroad Administration, and also with Mr. Hannaford, Federal Manager, you will note the progress of the Railway Committee's efforts in connection with this matter. We are greatly pleased to advise that we have succeeded in getting the Braierd depot reinstated in the 1919 work. Provision has now been made for financing same and we are assured by Mr. Hannaford that work will be commenced at an early date and prosecuted as rapidly as is consistent with reasonable economy.

Respectfully,
GEO. D. LABAR,
Chairman Railway Committee,
Braierd Chamber of Commerce.

PAY DAY TO BE THURSDAY

Pay day at the Northern Pacific railway shops will be on Thursday, May 29.

ROLL OF HONOR

Minnesotans are coming home. On board the Ohio was Private B. Peterson of Braierd, Co. I, 328th Infantry.

On board the K. A. Victoria was Pvt. Walter A. Elgen, of Pillager, Co. E, 25th engineers; Pvt. Hjalmar Olson, of Jenkins; Pvt. Ellis W. Enlund of Deerwood.

On board the Panaman were Pvt. Emil Nelson of Braierd, 310th Infantry; Chas. W. M. Willard of Braierd, 165th aero replacement squadron; Sgt. C. E. Bonniwell of Jenkins of the 99th aero observation squadron.

Card of Thanks

We wish to thank friends and neighbors, especially Molders Local Union No. 226, K. S. Bredenberg and the Ladies' Aid of the Synod Lutheran church for the kindness and sympathy shown husband and father, Frank Lund, during his illness and to us upon his passing away. Your acts and words will ever be treasured in grateful memory.

1p Mrs. Frank Lund and Family.

BIDS WANTED

Bids will be received up to 8:00 p. m., June 2nd, 1919, for official publications for the ensuing year, by the City Council of the City of Braierd, Minn.

The council reserves the right to reject any or all bids.

May 21st, 1919.

L. D. GREENO,
City Clerk.

MILL CITY TOURISTS TO VISIT BRAINERD

125 Representatives of 90 Minneapolis Business Firms on Trip Through the State

AT BRAINERD NEXT MONDAY

Special to Arrive in Braierd 7:25 P. M. June 2 Night Stop of First Day in This City

According to the schedule just issued by the extension committee of the Minneapolis Civic and Commerce association, Braierd will be visited by 125 representatives of ninety Minneapolis business firms on next Monday. A special train over the Northern Pacific is timed to arrive here at 7:25 P. M.

The schedule for the first day's run is as follows:

Town—	Arrive
St. Cloud	9:30 a. m.
Rice	11:20 a. m.
Royalton	11:50 a. m.
Little Falls	12:25 a. m.
Ironton	3:15 p. m.
Crosby	3:50 p. m.
Deerwood	4:45 p. m.
Aitkin	5:20 p. m.
Braierd	7:25 p. m.

61 Towns—971 Miles.
A total of 61 towns will be visited during the tour which will take up the five days from June 2-7. 971 miles will be covered with night stops at Braierd, Crookston, Breckenridge, Graceville and Olivia.

Plenty of Music.

W. I. Nolan, speaker of the Minnesota House of Representatives, will be one of the main speakers. At each stop a special program will be given. Plenty of music has been assured for the trip. The Fourth Infantry band, John Rosister, director, has been engaged. Because of the great interest throughout rural communities in community singing, a professional sing leader will be engaged for the trip, said Lewis F. Bolser, who has charge of the details of the trip.

Live on Train.

The tourists will live on the special train during the tour. The accommodations include dining room, barbershop, sleeping and bathing facilities and a tailorshop.

Object.

In speaking of the proposed tour, Chairman Frank S. Gold of the Civic and Commerce Association, said:

"The object of the tour is not only to stimulate the business of Minneapolis with the contiguous territory. We hope to come into closer touch with the towns of the state. It aims to impress upon the northwest that Minneapolis is the great center of recreation, as well as of business. As the result of the trip, we expect to be bound more closely to the different communities in state interests."

BUSINESS HOURS AT POSTOFFICE FRIDAY, MAY 30, MEMORIAL DAY

The general delivery and stamp windows will be open in the morning from 8 until 9 o'clock, during which hour the usual business of these windows will be transacted. Patrons who have registry or parcel-post business either for dispatch or receipt, should present this business at this above hour. No delivery of mail will be made by either the city or rural carriers but patrons who receive their mail by carriers may call for it at the office at the above hour passing thru the work-room of the office to their respective carrier as has been the custom. The usual dispatch and distribution of mails will be made and the lobby of the office will be open during the day. No money-order business will be transacted.

H. P. DUNN,
Postmaster.

SPRINKLING NOTICE

Sprinkling permits must be procured and paid in advance. Sprinkling hours from 6 to 9 A. M., and 6 to 9 P. M. Premises using water without permit will be shut off without further notice and cost of same charged to property.

BIDS WANTED

Bids will be received up to 8:00 p. m., June 2nd, 1919, for the furnishing of meals for city prisoners, by the City Council of the City of Braierd, Minn.

The council reserves the right to reject any or all bids.

May 21st, 1919.

L. D. GREENO,
City Clerk.

Takes Hold and Help.

Marie Healer, Freeport, Ill., writes, "I had more or less of a cough for 10 years and I have taken quite a number of medicines. None of them takes hold and helps like Foley's Honey and Tar." This old, reliable cough syrup promptly helps coughs, colds, croup and whooping cough. Contains no opiates. H. P. Dunn, druggist.—Ad mwf

Wash Skirts and Wash waists

You'll find it hard to conceive of prettier wash skirts than we now have for you. They are tailored most superbly. Priced at from \$3.25 to \$10.00.

Then you'll find the prettiest of the new waists to wear with them. These are priced at from \$1.50 to \$6.00.

Silk Hosiery

Hosiery must be silk if you would follow the necessities of correct footwear. We have the proper colors and qualities from \$1 to \$3. You'll like our qualities too.

H. F. Michael Co.

B-G TEAM LEAVES C. M. ASSOCIATION

Local baseball fans will regret to learn that the B-G team of this city has withdrawn from the Central Minnesota League. Too long jumps with poor train connections caused the management to make this decision. Accommodations to Ironton and Crosby are particularly disadvantageous.

Manager Farrel announces that teams just as strong as those in the Central Minnesota League will appear on the local diamond and declares St. Cloud fans will suffer nothing from the change.

A number of strong teams are on the string and it is hoped that a first class game can be arranged for the home grounds for next Friday.

FANS APPRECIATE THIS

Winston-Harper-Fisher Co., Minneapolis, Offers Box Cigars for First Home Run

The Winston-Harper-Fisher Co. of Minneapolis, distributors of the Harvester, Clear Havana cigars, also the Tom Moore, Little Tom, Tom Keene

and Joan of Arc cigars, have, through their salesman, Mr. Harris, offered a full box of Harvester cigars to the first Braierd baseball player making a home run on the local field this season. Besides this well known firm has the distinction of being the heaviest advertiser in the official score card of 1919.

She Finds Herself Much Better
Lame back rheumatic pains stiffness and soreness in muscles and joints can be quickly relieved. Mrs. L. Wavue, 2726 3rd St., Ocean Park, Cal., writes: "I used to have pains in my right hip. I could hardly turn in bed. Now I find I am much better by using Foley Kidney Pills. Likewise pains in my back left." H. P. Dunn, druggist. mwf

What Would You Do With The Telephone Company?

Suppose you bought this company today! What would you do with it?

You would want to earn as much on your money as you would receive if it were invested in any similar enterprise.

You would want to give good telephone service.

To give good telephone service you would have to keep the property in good repair and expand it to meet the requirements of the public.

In order to do all these things you would have to charge such rates as would bring in the necessary revenue.

And if your operating costs advanced, you would have to make revisions in your rates to meet the increased expense.

From time to time, as conditions changed, it would be necessary for you to make readjustments in expenses and earnings, and these problems would have to be met fairly and frankly.

No matter who owns the Telephone Company, in order to furnish dependable service it is necessary to charge such rates as will provide enough revenue to pay fair wages, keep the property in good repair and earn a reasonable return on the investment.

WILL CREATE TWO FLEETS

Warships to Be Divided Between Atlantic and Pacific.

Washington, May 28.—There has been no change in the navy's policy of creating two fleets, the Atlantic and Pacific. Secretary Daniels told the house naval committee, and by the latter part of the summer a large number of every type will be in Pacific waters.

"There will be two fleets of equal strength," the secretary said, "with two of the best admirals of the navy in command. I took this up with Admiral Benson recently and believe the time has come to put the plan into effect."

Steel Corporation Aids Serbs. New York, May 28.—A gift of \$100,000 by the United States Steel corporation for relief work in Serbia and the Jugoslav states has been transmitted to Herbert Hoover, director general of American relief administration.

Montenegrin King Off for Genoa. Paris, May 28.—King Nicholas of Montenegro left Neuilly for Genoa to visit his sons-in-law, the former Grand Duke Nicholas and Peter Nicholas Iech, recently escaped from Russia.

NATIONAL GUARD PLANS MATURING

War Department's Peace Time Program Provides for Sixteen Divisions.

TOTAL IS 100,000 MEN

Minnesota Will Be Entitled to Three Infantry Regiments and One of Field Artillery—No Air Service During First Year.

Washington, May 28.—It is stated authoritatively that tentative war department plans for the peace time national guard include a return to the pre-war organization comprising 16 divisions. It is understood congress soon will be asked to approve this plan and provide an appropriation sufficient to carry it out.

New York, Pennsylvania, Ohio and Illinois will have complete divisions under the plan authorized by the Hay act and other states may be authorized to maintain complete divisions. Minnesota, one of the 25 states authorized to date to organize national guard units, has been given authority to organize three infantry and one field artillery regiment and some other smaller units. Three infantry regiments, the Fourth, Fifth and Sixth, have been organized and a recruiting campaign will be undertaken to obtain men for the field artillery regiment. Former Gopher Gunners will form the nucleus for the artillery regiment, it is said.

106,000 Men to Be in Organization. The total guard organization for the United States for the first year will include 106,000 men—200 for each senator and representative. This is in accordance with the Hay act, as are the proposed 50 per cent yearly increases for the four succeeding years. Under this plan Minnesota would have 2,400 guardsmen the first year, 3,600 the second year, 5,200 the third year, 8,100 the fourth year and 9,500 the fifth year, if the maximum number authorized were desired for guard service in this state.

In the proposed divisional organization there are expected to be one artillery and three infantry regiments, with a fourth infantry, regiments to be formed later. War department officials desire principally to assure strong organizations so that units can be filled up later.

It is understood that no national guard air service and tank corps will be organized this fiscal year, although military experts are now investigating the possibilities of future air and tank activities of the guards. It is said Minnesota is favored for the organization of a guard air service unit because of local interest in aviation, but the question of expense has been a deterrent.

STRIKERS ARE DISCHARGED

Winnipeg Council Acts On Men Holding City Positions.

Winnipeg, May 28.—The Winnipeg city council formally notified every unionized city employee participating in the general strike that they are no longer connected with the municipal government service, and that those who desire to apply for reinstatement will be classed as new employees. All seniority rights and privileges have been forfeited, the council decided.

BRITISH HELPING RUSSIANS

Peterhof, Sixteen Miles West of Petrograd, Captured.

Washington, May 28.—Capture of Peterhof, 16 miles west of Petrograd, on the Gulf of Finland, by the army of the Northern Russian government, probably assisted by British naval forces, was reported to the State department in Swedish press reports. The Stockholm Tidningen points out that the report presages the fall of Petrograd in the near future.

SASKATOON UNIONS STRIKE

Large Number of Trades Join Sympathetic Walkout.

Saskatoon, Sask., May 28.—By a vote of more than 5 to 1, Saskatoon labor unions voted to go on a sympathetic strike. Railroad shopmen, teamsters, plumbers, carpenters, bricklayers, plasterers, telephone operators, telegraphers and postal workers decided to stop work, as did some clerks, hotel and restaurant workers.

Bombs Wreck Two Buildings. Chicago, May 28.—Two buildings were wrecked here in bomb explosions, the result, according to police, of owners' failure to acknowledge letters demanding large sums of money.

Frank Larro, one of the owners, said he had received two letters each demanding \$1,000.

Mill Official's Body in River. New York, May 28.—The body of Otto Kuhn, an official of the Botany worsted mills at Passaic, N. H., was found fully dressed in the North river, according to a police report made public. The authorities did not venture an opinion as to whether death was accidental.

Suffrage Wins in Pennsylvania. Harrisburg, Pa., May 28.—The Senate passed the woman suffrage amendment. The house passed it several weeks ago.

MEMORIAL PLANS FOR OUR FIGHTERS

WASHINGTON FULL OF PROJECTS TO COMMEMORATE DEEDS OF SOLDIERS AND SAILORS.

RIVALRY AMONG ORIGINATORS

Miss Boardman Suggests Erection of Building by District Red Cross While Mrs. Dimock Urges George Washington Memorial Structure.

By EDWARD B. CLARK.

Washington.—Washington is full of projects for memorials to the soldiers and sailors who lost their lives in the great war, and for tributes to the soldiers and sailors who risked their lives but came through, some of them wounded and some of them unscathed.

If the truth be told, there is a good deal of rivalry among different organizations and individuals concerning the form which the Washington memorials should take. Each one of some half a dozen prominent persons in Washington formed an idea of his own or her own, and succeeded in securing sympathy and aid for the individual project. The result is that there are several groups of people in the capital working independently to the end of a memorial, but each group wishing that it shall take on a particular form, unlike that of any conception of any other group.

A general meeting has just been held of the representatives of the different community centers in this city. A new memorial project was submitted by Miss Mabel Boardman of the Red Cross. Her plan is for the erection of a building by the District of Columbia chapter of the Red Cross as headquarters and a gathering place for the nation's world war heroes.

Miss Boardman explained that it was the purpose of the District chapter to have a building that not only would be an artistic memorial, but that also could be put to practical use by the Red Cross workers and by the veterans of the war.

Mrs. Dimock's Plan.

The most comprehensive plan for a memorial to the soldiers and sailors of the present war is that of Mrs. Henry F. Dimock, who has in charge the work of securing funds for the George Washington Memorial building. This project has been pretty thoroughly explained in the press. The first president in his will left a sum of money to be used for national educational purposes. He expressed a wish in a general way that education might be diffused throughout the country from some kind of a national institution.

The George Washington Memorial association is charged with the work of carrying out this idea of the Father of His Country. Already \$500,000 has been raised and much more is in sight. It is intended to add two wings to the projected building, one of which will be dedicated to the heroes of 1776 and the other to the heroes of 1917. The main function of this George Washington Memorial will be educational inasmuch as the building will be a meeting place of all kinds of educational bodies who come to Washington to hold their functions and to spread their views in publication form throughout the country.

One body of Washington citizens, of which Col. Robert N. Harper is the head, is endeavoring to secure sanction for a great memorial arch, Colonel Harper says that this plan has the endorsement of 90 civic organizations in the city of Washington and the hearty approval of 18 governors of states.

Another plan of another body of citizens of this town proposes the erection of a mammoth building south of the capitol to be used for convention and other purposes and to include memorial halls where soldiers' organizations may meet. It is proposed that this building shall be paid for by popular subscription.

Would Add to City Schools.

Dr. Henry Jackson of the United States bureau of education desires that additions shall be built to the public schools of the District as soldiers' memorials. This plan seemingly has the sanction of the officials of the community centers of the District who have set forth their desires in this resolution:

"We earnestly recommend to the board of education and the commissioners of the District of Columbia and to the committees in congress having responsibility in this matter, that provision be made for such construction in connection with the several public school buildings of the District of Columbia used as community and civic centers as will adequately fit them for this use; and that this program be carried through as a memorial to the men who have in this time contributed to the glory of the flag which waves above each of these neighborhood houses of America."

Out of a score or so of plans for memorials to the soldiers and sailors of the present war, some adequate memorial will come. So far as things appear on the surface today, the George Washington Memorial association seems to have the advantage, for it has with it the prestige of George Washington's wish in the matter and the added advantage of its seemingly comprehensive plan to connect the deeds of the boys of 1917 with those of the boys of 1776.

"BEST BY TEST"

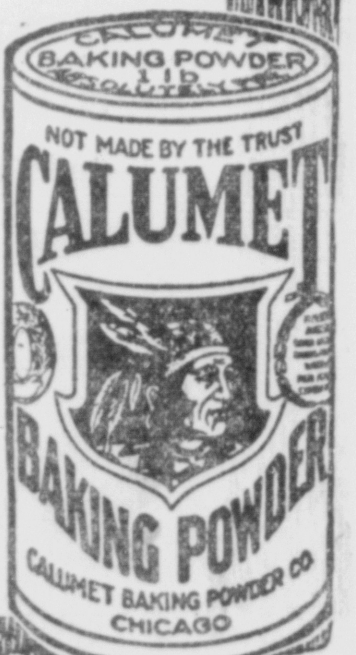

The Nation's best baking powder and best suited to every baking need. On the market for thirty years. Long past the experimental stage. Use Calumet and prevent waste and failures.

It is always reliable—always the same—uniform in strength. You save when you buy it. You save when you use it. This makes it the most economical of all leaveners.

Made in the world's largest, finest and most sanitary baking powder factory. Used by the Army and Navy—millions of housewives—and thousands of chefs and domestic scientists.

NOTE—

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

"Pieces of Eight."

The piece of eight was the old Spanish plaster or peso, now called a dollar, thus known throughout the Spanish Main in the days of piracy, because it was divided into eight reals. It was a silver coin worth \$1.

State of Minnesota, County of Crow Wing. District Court, Fifteenth Judicial District.

Sanford Nakkari, Plaintiff

vs.

Mary Nakkari, Defendant.

The State of Minnesota to the above named defendant: You are hereby summoned and required to answer the complaint of the plaintiff in the above entitled action, which complaint is filed with the Clerk of the District Court in the aforesaid County, and to serve a copy of your answer to the said complaint upon the subscriber at his office in the City of Brainerd, County and State aforesaid, within thirty (30) days after the service of this summons upon you, exclusive of the day of such service; and, if you fail to answer the said complaint within the time aforesaid, the plaintiff in this action will apply to the Court for the relief therein prayed for.

W. H. CROWELL, Attorney for Plaintiff. Postoffice and Office Address: 210-211 Iron Exchange Building, Brainerd, Minnesota. 30313
